

Become a Garage Operative **XPLORE** Dundee

a McGill's
company

Who we are

Xplore Dundee is the city's largest public transport provider, running a comprehensive bus network to fulfil thousands of passengers' travel needs. We are a subsidiary of the McGill's group, which is the largest independent bus company in Scotland. We are looking to recruit PCV and/or trainee drivers to transport our passengers in a safe and timely manner. The role is an exciting opportunity to join a dynamic, forward thinking organisation and a great team, where you will deal with customer service in a fast-paced environment.

Main responsibilities

- To properly clean/maintain all premises and facilities operated or controlled by the company (both on-site and around the city), including necessary equipment
- To complete/administer required documentation related to scheduled activities
- To collect/deliver engineering components from/to suppliers
- To undertake various vehicle servicing elements as determined by supervisory staff
- To assist in delivery and deployment of buses (if qualified)
- To ensure buses are collected from the bus holding park and fuelled/washed
- To remove cash vaults in accordance with safety and security protocols
- To comply with McGill's group health & safety policy
- To participate in any relevant training in order to develop job skills and standards
- To carry out any other duties as required by the Operations Manager

Benefits of the job

- **Steady income** - earn at least £10k per year (increase available if additional hours required)
- **Plan ahead** - company pension
- **Get around** - free travel on Xplore Dundee coach and bus services for you and a family member
- **Look the part** - full, free uniform (and PPE) provision
- **Be a hero** - keep the city moving and help people travel more sustainably

More about the role

The successful candidate must be a team player who is safety conscious (IOSH training can be provided). Category B driving license is essential. Experience of driving large vehicles is desirable but not essential. Successful applicants should also be well-motivated and able to work on a rotational pattern with minimal direct supervision. Full details of the working pattern (which is based on a 20hr week) are available on request. Working hours are to be flexible (in-line with business needs), with a requirement to do additional hours where necessary to temporarily cover other staff roles.

Submit an application

You can apply for this role in writing - just send us a CV detailing your skills and suitability by:

- **Post** - FAO Engineering Manager, 44-48 East Dock Street, Dundee, DD1 3JS
